Northwest Bethel

Clarice Gibson, Corres.

We had a variation in our weather pattern this last week end. Instead of rain we had spitting snow both Saturday and Sunday and Sunday morning we had quite a little on the grass and garden. The river maples have lost all of their leaves and I can now get a good view of the river again. One of the maples has a squirrel's nest in its upper branches. Does this mean a hard winter? I believe we're to be told it meant a lot of snow. Hunting season begins this Saturday. I hope everyone is careful.

On Halloween, Brian Anderson, son of Mr. and Mrs. Steve Anderson, had Thad Wheeler as an overnight guest. They, Eric and Daphne Bills, went trick or treating. Saturday, Thad, Brian and Pat Anderson went with Cub Scouts bowling and lunch at McDonald's. Eric stayed with Aunt Elizabeth Morse in Bethel who had apple pie and hot chocolate for everyone when Eric was picked up.

Mr. and Mrs. Dick Angevine and Tim went to Jordan's Restaurant Saturday night and then went to visit Mr. and Mrs. Paul Kimball, East Bethel.

Mr. and Mrs. Vic Coolidge and family went to Lewiston Saturday.

Wednesday, Sylvia Benson, Toots Scaraffa, Marie Swan and Margaret Belanger went to Gorham, N. H., and had lunch. They went up to take advantage of the yarn sale.

Frank Benson went to the doctor in Norway the 28th with his back. Sunday and Mrs. Frank Benson had as dinner guests, Mr. and Mrs. Bradley Benson, Poland, and Mr. and Mrs. Davis Kimball, Anita and Chantell, Watford.

Mr. and Mrs. Homer Smith, Jr., had Doug home for the week end, and Bruce and two boys, South Paris, were home for Sunday.

Oct. 26, Mr. and Mrs. Henry Prescott, Bangor, who were looking up family history of Mrs. Prescott's grandfather, Leander Grover, stopped in to see Mr. and Mrs. Leslie Lapham. Leander Grover was Mrs. Lapham's grandfather.

Oct. 26, Dean Murphy, Vicki Chandra and baby Augusta, East Sebago, spent the week end with

his parents, Mr. and Mrs. Frank Murphy.

Mrs. Elaine Hutchins and two girls and Mrs. Sally Hannon and two girls went to the costume party at Pleasant Valley Church, West Bethel, Halloween night.

Mrs. Phyllis Bancroft, Albany, and daughter, Mrs. Paul Halle, Stephanie and Greg, of Lisbon Falls, called on Phyllis's sister, Betty Gilbert, Saturday, and Sunday Ronnie, Pauline and Justin Gilbert, of Lewiston visited his folks, Mr. and Mrs. George Gilbert.

Mr. and Mrs. Scot Bills and Daphne went to her folks, Mr. and Mrs. William Van Nest, Norway, Sunday morning to help celebrate the 11th wedding anniversary of Mrs. Bills' brother and wife, Mr. and Mrs. Robert Van Nest. Sunday afternoon went to a birthday party on Paradise in honor of Sara Kailey.

Mr. and Mrs. Carl Holt, Berlin, N. H., came to visit her brother and wife, Mr. and Mrs. Ernest Angevine, Sunday.

Alberta Angevine and Betty Blake ate at the Red Dragon, Mexico, Friday. They also went to see their mother, Mrs. Rena Abbott, Dixfield.

Mrs. Pat Anderson and two boys went to Faith Bible Church, Rumford Corner, Saturday evening to hear the Stevens Family Singers.

Dr. Hudson was to Sam McCoy's last week for Sam's horse Washakie.

Amy Taban, daughter of Mr. and Mrs. John Laban, is going to gymnastic classes in Rumford, Tuesday afternoons.

Thursday, Aunt Sara and I went to the folks and grocery shopping in Norway, Saturday Dad was feeling some better so he drove up here for dinner as Mom and brother Danny and family went to Brockton, Mass. Still I am finding work to do outdoors and always do until the snow flies.

November is a lonely wait With wistful wide-eyed ways Subdued by the flamboyance of The bright October days. And feeling very small before December's sparkling glance. Never mind, November twirl Your tattered skirts and dance, Dance a bittersweet ballet With the leaves that fly away!

— Mrs. Colista Morgan, Corres. —

The open fields now take on a cinnamon tone. Colors have faded slowly to sober hues. The voice of the wind has changed to somewhat of a mournful sound. But there is still beauty in the changing season.

I went out to observe Nature's house keeping and found it a great happening. In the woods dead boughs and twigs were discarded. Leaves were in drifts on grass and roadside choking the ditches and brooks. Others floated down streams while beneath my feet colored carpets withered and died.

I left the main road to take the trail to the Diamond Ledge. An old beech had collapsed near the trail since I last traveled here. With the canopy broken open, the sunlight poured through. The trail bent plunging from sunshine to shadows; a nice place to judge the true value of things and a greater feeling of being part of it. I derived pleasure from my natural surroundings.

The forest had not yet gone to sleep for there were a few migrant birds passing through. A partridge went speeding by at my right through the trees with split second dodging among the low branches and underbrush.

I pushed up the trail for some time traveling by ear as well as by eye.

When I came to the group of huge boulders, I looked up and to the horizon beyond arched over by a sky of turquoise. A breeze played with the clouds twisting them into ringlets or whirling them about only to drift together like foam on a river.

I decided now to leave the trail and turn left, just going where I chose.

At the brook I found the Jack-in-the-pulpit with its cluster of scarlet berries.

The forest marched over the ridges, across the valleys, circling rocky pinnacles; then stood toe to toe with the pond. I rattled the leaves, as I shuffled along.

Here and there a poplar tree, still golden, stood like a flaming torch against the hillsides.

Just above the tree tops a crow, inky black, beat his leisurely way up to the mountain and dropped below the top.

I worked my way toward the road again, stopping beneath a group of sumachs. How red they were! The crimson fruit plumes assured me they were the staghorn and not the poisonous sumachs which are white fruited.

With the pond now beside me shimmering in the sun I walked rapidly toward home.

It's now a new month and so I wish you a wonderful November; clear skies and friends. If the road

A Friend

Calm-eyed, with weathered wrinkles on his kindly face, Rolly Hayes, a man of integrity and kindness met each day with serenity.

He lived his 81 years with the sun, the rain, and the snow; planting and harvesting. In his own way he enjoyed much of living. He was like the land he tilled, finding in it contentment and peace because of a close kinship.

His philosophy of life was well expressed in the way he lived; seeking and sharing the world's greatest treasure, the gold of friendship. He is missed.

Evans Notch

White Mountain National Forest

Fall has brought a change in work priorities to the Evans Notch Ranger District. Several persons who normally have other duties during the summer months have begun working within the timber sale program. All employees have returned to a five day workweek schedule. Office hours are Mon.-Fri., 7:30 a. m.-4:00 p. m.

Young Adult Conservation Corps (YACC) crews are busy with a variety of assignments including back country shelter maintenance, wildlife habitat improvement, snowmobile trail maintenance, and construction work at the Bog Brook YOC Camp.

The Senior Citizen (SCSEP) crew has been involved the past two weeks with constructing furnishings for the Bog Brook Camp. In addition, the crew has been readying equipment, grounds and buildings at the ranger station for the approaching winter. A reminder: quotes on snow removal at the office are due no later than 2 p. m., Nov. 15.

Recreation use on the district has decreased considerably since the end of fall color season. Many people still take advantage of National Forest opportunities, however since summer crowds, insects and heat are no longer present. A disadvantage is that one must be prepared for adverse weather conditions. It is recommended that outdoor enthusiasts use a "layered" approach to dress during the fall and winter seasons. One can start out in the morning dressed with a jacket, sweater and shirt for example, and remove outer clothing as conditions allow. Carrying an extra jacket or sweater may be a bother, but can save the recreationist much discomfort if and when mountain weather changes suddenly.

A new member of the Senior Citizen crew recently joined us. She is Ethelyn Caillolet of Bethel. Ethelyn enjoys her job very much as it puts her out in the great outdoors where she prefers to be. Ethelyn previously lived in Louisiana and hopes to be a permanent resident of the Bethel area.

Lyle Wiggin, Forestry Technician, recently completed 25 years of Federal service. A certificate and pin were presented to him by District Ranger, Mark Boche. Mr. Wiggin has been on the Evans Notch District for his entire career.

Maurice Bouchard, District Clerk on the Evans Notch, has been missed. He has been on sick leave since May 14 and on Oct. 18 his disability retirement became effective. Maurice began his Forest Service career in April of 1965 as District Clerk on the Evans Notch and has been with the District "family" since then. We are certain that he would welcome letters of good wishes.

We remind you that the Forest Service continues normal operations during the deer hunting season. We ask that hunters be extra cautious while hunting on the Forest. For safety, employees are required to wear blaze orange vests and orange hard hats during the hunting season. Warning signs near daily work sites will alert any approaching hunters of field crews. To those who hunt, have a safe and enjoyable season.

Floyd Dalley
Forestry Technician

BRYANT POND UNITARIAN-UNIVERSALIST CHURCH NEWS

Last Thursday, children of the Bryant Pond Unitarian-Universalist Church had a delightful time at a Halloween Party. Bobbing for donuts, musical chairs, pin-the-tail on the donkey, and food highlighted an evening of fun. Don't forget, if you are between ages 12 and 18, contact Roberta Croteau about youth fellowship. Winter and spring activities—canoeing, cross-country skiing, etc., will be planned soon.

Sunday School children are collecting canned goods and donations for a turkey to be put in a Thanksgiving basket for a needy family this holiday. Please be generous. Goods may be brought to Roberta Croteau, Sandra Morgan, or Starr Seguin.

On Nov. 23, there will be a special family service at the church, featuring the children's choir. Service begins at 9:00, followed by a get-together in the hall downstairs.

MMA ELECTS OFFICIALS AT BANGOR CONVENTION

Robert Brackett, chairman of the Town Council in South Berwick, was elected President of the Maine Municipal Association at the annual business meeting held in conjunction with the MMA convention in Bangor on Oct. 23.

Brackett succeeds Ronald E. Stewart, city manager of South Portland, as head of the association of Maine's 498 organized cities, towns and plantations.

Brackett is serving his second term as chairman of the South Berwick Town Council on which he has served for the last six years. He had previously been a member of the Board of Selectmen in Berwick for six years, and town moderator for two years. He has been a member of the MMA Legislative Policy Committee for four years, and a member of the Executive Committee.

As President of MMA, Brackett will be responsible for providing overall policy guidance and serve as chief spokesman for municipal governments in the state, and he will be a member of Governor Brennan's Municipal Advisory Council. Brackett is a manufacturing engineer with the General Electric Co. in Somersworth, N. H.

Members of the MMA Executive Committee for the coming year will be: Brackett; Stewart; Vice President, Dana F. Connors; City Manager, Presque Isle; Richard Malone, Chairman of the Board of Selectmen, Westport; Wilfred Bell, Mayor of Caribou; Archie Stevens, Selectman, Skowhegan; Barbara McKernan, Councilor, Bangor; Norman R. Ness, Jr., Town Manager of Bethel; Paul Devine, Planning Board, Rockland; and Llewellyn C. Smith, Councilor, Portland.

STUDENTS CITED IN SCHOLARSHIP COMPETITION

Four students have received recognition in the Century III Leaders Scholarship competition at Telstar Regional High School and were congratulated by Principal Warren Bouchard. Shown, from left to right, are John Feeney, Myra Otero-Otero, both runners-up; Bruce Clements, Telstar's winner; Mr. Bouchard and Bridgit Wheeler, runner-up. Bruce is now eligible to compete with other Maine students for the state title which leads to national competition for a \$10,000 scholarship.

SUNDAY RIVER TO BEGIN SNOWMAKING OPERATIONS

As soon as the temperature falls consistently below 30°, Sunday River Ski Area will begin snowmaking operations in anticipation of opening for the ski season Saturday, Nov. 15. Sunday River Ski Area chalked up 127 days of operation last season and is guaranteeing its season-pass holders a 135 day season this year. Sunday River's snowmaking system covers 50% of the mountain's skiable terrain and is serviced by four of the five lifts. The top to bottom system also provides ski terrain for every level of skier—novice to advanced.

Sunday's River's policy is to make snow early to establish a good base; make snow during the ski season to upgrade the skiing surface; and make snow late in the season to extend the season.

This policy has been well received by skiers throughout New England. After the snow drought of 1980, many skiers have come to appreciate the value of snowmaking. They have returned to the great sport of skiing. Skiers now ski for the love and pleasure of the sport, rather than merely for the sake of a good recorded ski condition report.

Sunday River will host its first annual Weather and Snowmaking Seminar, open to members of the press and the skiing community, Sunday, Nov. 9, from 1-5 p. m. at the Sunday River base lodge. Panelists include weathercasters and a downeast farmer.

Former residents of Bethel, Mr. and Mrs. Robert Gordon, now of Rte. 2, Box 216G, Henderson, N. C. 27536 are celebrating their 50th wedding anniversary on Nov. 7.

Mrs. Elsie Inman, Mrs. Leona Lurvey, Mrs. Marjorie Cummings, Mrs. Doris Fraser, Mrs. Grace Buck and Mrs. Edna York attended the Extension Open House in South Paris Saturday.

TELSTAR HIGH STUDENT WINS CHANCE AT SCHOLARSHIPS

Bruce Clements has won the Century III Scholarship competition at Telstar Regional High School, according to Principal Warren Bouchard.

The 17-year-old senior is now eligible to compete with other high school seniors throughout Maine for two \$1,500 scholarships, and also for a \$10,000 national scholarship that will be awarded in a conference of state winners in historic Colonial Williamsburg, Va.

Mr. Clements triumphed in the local phase of the Century III Leaders program, a scholarship competition which emphasizes the future concerns of America. Students were judged on the basis of their leadership abilities, community involvement and score on a current events examination. To compete at the state level, Mr. Clements must now write a brief

SAFE, COURTEOUS HUNTING PAYS

With Maine's 1980 deer season opening in early November, hunters have been urged to show proper respect for landowners and for the rules of firearms safety.

Fish and Wildlife Commissioner Glenn Manuel says that good landowner relations and safe hunting "go hand in hand toward enjoyable hunting today and the opportunity to hunt in the future."

"In short," says the Commissioner, "it makes sense to treat both the landowner and the firearm well because failure to do either could have very undesirable consequences."

A foolish man built his house on the sand and rains and wind beat on the house and it fell. That's interesting, building our families future on a good foundation—as Jane explains, having faith in God because He can straighten out our lives—"if" we're willing. Well, guess it's true, but it's awful hard letting God take over—seems that after so many years I'd rather—still, do it my way, maybe that's why I'm never quite fully satisfied.

Here comes Rebecca and her dog—they want a cookie and play their game—house. If that puppy could talk—it would say "Thank you Lord, for this food, Amen."

NEWS FROM ADULT AND COMMUNITY EDUCATION

Many of the fall term classes have been involved in special events during the past few weeks, some involving special guests to the classroom and others out-of-the-classroom activities. Several members of the Architecture course taught by George Allen of the Oxford County Historic Resources survey, attended the Maine Citizens for Historic Preservation meeting in Kennebunk, which involved a walking tour of that town's architectural heritage. The class will visit nearby Waterville for a walking tour this week end, ending with a tea at the Artemus Ward house. Students in Julie Day's several craft and toymaking classes recently traveled to Allen Farms in Gray to select craft projects and supplies. Members of the adult Sign Language classes, joined by several Telstar students who are participating in Sign Language programs during the day, met on Oct. 27 for a special class con-

The SAD 44 Adult and Community course in Astronomy will begin on Thursday evening, Nov. 13, for a seven week run, taught by Maine's Adult Education Teacher-of-the-Year Tim Kersey. This is an introductory course, designed to cover star identification, calendars, the seasons, telescopes, constellations, great astronomers, sundials, and a host of other items. presented in Kersey's well-organized and entertaining manner. The slide tape program is available on loan from the Dept. of Education and Cultural Resources, and will be in SAD 44 later in the year.

NOTE OF THANKS

On behalf of the Telstar Alumni Association we would like to thank the Telstar Senior Class of 1981 for all their help in preparing Homecoming Day 1980. We only wish that more alumni were as enthusiastic about the events as the students were. Hopefully this will come with time.

To the alumni that did attend—it was great to see you and we hope you enjoyed yourselves. Hopefully, the Association will continue to grow, but we need help to survive.

We would like to thank Dan and Sally Hannon for all of their help. Thank you Seniors and Hannon!

Sincerely,
Telstar Alumni Association

MIDDLE INTERVAL MEETING HOUSE SOCIETY

Plans continue to go forward with restoration of the Middle Interval Meeting House, and before winter it is expected some progress will be made in removing the "hanging wallpaper" and repairing the interior preliminary to redecorating.

To do this funds must be raised, and the project helping to do that, of selling the Foundation Stones, to people to memorialize if they wish, family members, continues. Of course, the Foundation Stones can not be removed (although there is a provision should the building ever be demolished owners may then remove their stones.)

Mrs. Rebecca Carter Bailey is directing this project and anyone may contact her to arrange for such purchase — the price is one hundred dollars which includes a life membership in the Meeting House Society.

Purchasers of the Pews and Foundation Stones are asked to write a brief history of the person memorialized and the most recent received telling about Mrs. Leslie Davis, is offered by her daughter, Mrs. Phyllis Davis Dock, who bought Pew #15 in her Mother's memory and follows:

The youngest child born to Charles Lyman and Flora Nancy (Abbott) Swan, Mom was christened Eola Marie Swan, but always went by the name Marie and Ree.

Much could be written about this remarkable woman; indeed, in Dad's Memoirs (which are on record at the Bethel Historical Society library in the Moses Mason House), she plays a leading role in his many enterprises and strong family and civic involvement. Dad once confided that "the wisest thing I ever did was to marry Marie."

And as Gretchen (our daughter) remarked about "Nana Davis"; "I'll never forget the time when I first walked from our house to Nana's all by myself when I was about four years old, and for some reason she happened to be walking on the same road and met me. She greeted me as though surprised, and exclaimed, 'Why, Gretchen, did you walk all that way by yourself? What a brave girl you are!'; and I felt ten feet tall."

Hers was a gift of "inspiring" others.

Moms "roots" were in Swan's Hill and Chandler Hill, as can be noted in her own brief autobiography written in 1948.

(Records taken from family history kept by Robert T. Davis, Newry.)

EOLA MARIE SWAN, born Jan. 24, 1892, died Oct. 31, 1959, Marie was the daughter of Charles Lyman Swan and Flora Nancy Abbott. She was born Jan. 24, 1892, in Bethel, Maine.

Her paternal grandparents were Charles Emery Swan and Frances Sanborn. Her maternal grandparents were Stephen Abbott and Nancy Goddard.

Charles and Flora Swan's children were: Guy Elmer (Sr.), born July 12, 1875 on Swan's Hill; Porter Eugene, born April 25, 1878 on Swan's Hill; Alice Maud, born Oct. 8, 1881 (? Chandler Hill); Frances Alma, born April 22, 1884; Eola Marie, born Jan. 24, 1892, Chandler Hill.

Guy and Porter were born in Charles and Ella Abbott's house on Swan's Hill.

Marie's account written January, 1948 follows:

"My father, Charles Lyman Swan was the son of Charles Emery and Frances (Sanborn) Swan, and he was born at the Swan Hill section of Bethel, Maine, on Jan. 25, 1854."

"My mother, Flora Nancy Abbott was the daughter of Stephen and Nancy (Goddard) Abbott, and

she was born at Bethel, Maine, on Sept. 22, 1856.

"They were married in 1874 and lived the greater part of their lives on the homestead farm on Chandler Hill.

"My parents were interested in giving their children all the educational opportunities within their means, and all five children attended Gould Academy.

"Father was always interested in mechanics and in addition to carrying on the farm, he at various times during his life, did additional work along this line. He and Orlando Buck carried on a grain threshing and hay pressing business for some years and during the fall and winter of each year, they travelled through Bethel and the surrounding towns performing this service for farmers. They first used horses to furnish power for the machines, but in the later years changed to gasoline engines.

"In the spring of each year, father worked in the small birch sawmills in nearby localities or operated a wood sawing outfit in the neighborhood.

"After the children had all grown up and left home to make their own way in the world, father and mother moved to Locke Mills, Maine, where he was fireman and night watchman at E. L. Tebbets Spool Co. as long as he was able to work.

"I was the youngest child in the family and most of my brothers and sisters were pretty well grown up before I was old enough to remember much about their family life at home. Since the neighborhood school had been discontinued before I reached school age, I received my elementary schooling at Bethel Grammar School in Bethel village about 4 1/2 miles from my home. After finishing grammar school, I entered Gould Academy in the fall of 1907 and graduated in June, 1911 in the Normal Course group.

"As I look back and begin to realize the amount of time that my parents must have spent in carrying me to and from school, I can really appreciate the opportunity they were willing to give me.

"After graduation, I taught in the rural schools of Bethel; first at the West Bethel Flat school by the cemetery and later at North Bethel.

"I worked for a short time in Portland, Maine, in the home of Freeman M. Grant and in the summer of 1914 in the office of the E. L. Tebbets Spool Co. at Locke Mills, Maine.

"During the years I attended Gould Academy I became acquainted with Leslie E. Davis, who graduated in the same class of 1911.

"He and I were married on Oct. 4, 1914, and started our home together in Portsmouth, N. H. We have changed occupations and homes several times during this process of bringing up our own family, and have lived in Locke Mills, Me.; Erie, Pa.; North Newry, Maine, and in several places.

Willing Workers

The Willing Workers was called to order by Olive Davis the president, Monday evening, Oct. 27, at her home.

The chief business of the evening was the hunter's supper which will be served Nov. 11 from 5 to 7. Plans for soliciting etc., were worked out. The members are to meet Nov. 11 at 1 p. m. to set tables. All are welcome to work. The supper committee is Miriam Morgan, Polly Bean and Pat Thurlow and all the other members to help them out.

After the meeting Olive Davis showed foliage slide; and a reel on animals.

Refreshments were served to Mary Fleming, Marta Clements, Patty Thurlow, Barbara Cash and Esther Davis.

Esther Davis and Barbara Cash are making plans on going south for the winter.

This has been a busy week with odd jobs to be done like raking leaves, getting cars ready for winter and giving a long awaited bath which they have needed a long time.

I went to Mechanic Falls Thursday with a poster which I left with the Deputy, Louis Bisbee. He will take it to Jimmy Shores, State Master, who will see that it gets to Iowa National State Grange. Franklin Grange had a blue ribbon on this poster.

After I left there I went to Windham, to Ledgewood Manor to visit my oldest sister, Ethel Towne, who lives there. She is 94. I spent a couple of hours there, then drove to Bridgton where I visited my other sister, Lillian Harmon, couple of hours. I got home in time for supper.

I have not had any more news turned in so this is it for this time.

Have fun wherever you are.

Several hobgoblins were out for trick or treat Friday night. They were not all small ones but the way some of them looked you would not want to meet them in the dark.

Bear River Grange #285 will meet Nov. 8 at their hall. There will be no pot luck supper as that is the night the Newry Mothers Club will have their supper at the Grange Hall. Several Bear Riverites attended the 106th anniversary of Oxford Grange, Nov. 1 and reported an excellent time. Others wanted to go but had colds said no.

The wind blow of Saturday night blew down a tree on the roof of Peggy Blake's shop and wood shed so she and Joe had to do a little logging. No damage was done.

Viva Whitman visited her mother and brother Joe on Tuesday. She will be leaving for the Hillsboro Club, Pompano Beach, where she has winter's work.

According to my diary 23 of the 31 days in October started out cloudy—wonder what became of October's bright blue weather they used to talk about? I'd guess the sun had copied so many people and gone on a strike! October was cold and November isn't starting out warm. We had our first snow, enough to show up on the grass land the night of Nov. 1. I sure hope we get more snow than we did last winter but I still hope we don't get too awful much. Too much freezing of water pipes—cesspools—etc., as happened last year.

HANOVER'S GENERAL STORE
CHANGES HANDS

Howe's General Store, the only store in Hanover, was sold Tuesday, Nov. 4, by Mr. and Mrs. Gordon Howe, to Mr. and Mrs. Frank Ethel. Included in the sale were the building which houses the store and two large apartments, store equipment and stock, plus a mobile home on the property which has been the residence of Mrs. Howe's mother, Mrs. Doris Cornell. The new owners have adopted the name Hanover General Store and plan to offer an expanded line of groceries and other commodities to the residents of this rural community.

Mrs. Ethel is the former Bessie Stearns of Hanover, while her husband is a Connecticut native. The Ethels most recently resided in Canton, Conn.

The store had been in the Howe family for the past 27 years. Henry E. Howe purchased the property from Parker Russell in 1953, having moved to Hanover from the Springfield, Mass., area. Gordon Howe assisted his father with the operation of the store for many years, purchasing the property in 1967 after the passing of his father. The store has been the location of the Town's post office for many years. Although Mr. Howe has submitted his resignation as Hanover's Postmaster, he will remain in that position for a short while longer. Another Postmaster is expected to be named in the near future.

Gordon and Jean Howe will be moving to either Vermont or New Hampshire where Mr. Howe plans to continue his employment with the U. S. Postal Service.

Frank and Bessie Ethel invite all area residents to stop in and get acquainted. They expect to have their plans for expanded services completed in the coming weeks.

"Link" spent 35 years with the company as a crane operator and truck driver. His contributions were noted in presentations by Philip Chadbourne, President; Robert Chadbourne, Manager, Land Division, and Robert Crockett, Link's foreman.

The party, held at the Locke Mills Legion Hall, was attended by approximately 30 co-workers, friends and family members. Link received an insulated winter jacket, fishing rod and reel, and a framed certificate of appreciation, in addition to the best wishes of everyone present. The cake was made by Mr. and Mrs. George Nickerson.

The thoroughly enjoyable affair was highlighted when "Link" put aside his shyness long enough to admit that the affair was well worth attending.

AVERY ANGEVINE RETIRES
AS MILL MANAGER

Avery Angevine was honored at a retirement party Oct. 31 by the salaried and office employees of P. H. Chadbourne & Co. where he has served as mill manager for five years.

Avery started work at age 15 in the woods in 1933, and later worked in the sawmill of L. E. Davis in Magalloway. After working as a loftsman in the South Portland shipyard during World War II, he served in Europe in the 9th Armored Division.

He then ran a garage for two years at the location of the parking lot of Martha's Restaurant. The next 18 years were spent with the E. G. Blake saw mill and later 11 years with Andover Wood Products Co., where he was Assistant Manager, Maintenance.

Appreciation was expressed by Phil Chadbourne, President and Ted Chadbourne, General Manager, Lumber Division. Avery received a commendation framed in Vermont Weatherboard and an L. L. Bean insulated jacket. His wife, Mary, was credited with him.

Avery tried to give all the credit to the team of co-workers in what the Northern Logger magazine recently called "perhaps the most advanced pine mill in the northeast." Avery looks forward to doing many things he's always wanted to do, and will also be a part-time consultant.

The teachers will then be able to pass these new skills on to their students within the context of health education and daily classroom interaction. Mrs. Taylor is an English teacher at Telstar High School and has been involved with National Training Labs in Bethel for several years. She has had experience in designing and facilitating group sessions in communication and coping skills, and has participated in NTL Training Skills Practicum as well as many other workshops.

Sue Farrar is well known in Bethel as the Founder and Director of the Dance Workshop. She is a member of the American Dance Teachers Association and has been involved with dance for 40 years as a director, choreographer.

Elementary teachers will focus on improving the District Language Arts program. A majority of the teachers will attend an all-day (8:30-3:00) training session in the use of the Individualized Language Arts program in their classrooms.

This is a follow-up to an awareness workshop held on Oct. 15 and will be followed by another training session in January. Teachers not participating in this session will work on a revision of the district Language Arts skills.
